# I-FICS 2014

INTERNATIONAL  
FRACTURES IN CHILDREN  
SYMPOSIUM

Reg. No. : Mah/370/97 (Ngp.)

TRAUMA SOCIETY OF INDIA

Organising Secretaries : Dr. Sandeep Patwardhan, Dr. Premal Naik & Dr. Taral Nagda

## Message

IFICS is a dream of three Pediatric Orthopedics Surgeons (Sandeep Patwardhan, Premal Naik and Taral Nagda) from India, aiming to provide meaningful education and training in field of fractures in children, delivered in interacting and interesting way.

Dr. Sandeep Patwardhan

The conference is being organised by Saraswati Foundation under aegis of Trauma Society of India.

Dr. Premal Naik

The aim of the Course is to put emphasis on decision making and techniques in managing fractures in children. This will be done with case discussions, debates, workshops, videos, quizzes, film reading sessions, break out sessions spread over 3 days with learning from best of the Pediatric trauma teachers across the world.

Dr. Taral Nagda

It will be a residential meeting for 200 delegates only, to increase involvement of delegates in each teaching module. IFICS aims to provide excellent learning opportunities to orthopedic surgeons and post graduates from India and abroad.

We have eminent Pediatric orthopaedic surgeons from India and abroad as faculty to lead the interactive programmes. Besides this national trauma experts will share their wisdom and experience to make it a live wire meeting.

Hoping to see you at Pune in August 2014 for this lovely meeting.

### **Dr. Shital N Parikh MD**

Shital Parikh is Asst. Prof., Division of Orthopaedic Surgery, Cincinnati Children's Hospital Medical Center. He did his orthopedic postgraduation in Ahmedabad and fellowship training in sports medicine and pediatric orthopaedics in USA and Canada. He has special interest in sports medicine and adolescent fractures

### **Dr. Kwang Soon Song MD, PhD.**

K S Song is Professor Department of Orthopedic Surgery Dongsan Medical Center, Keimyung University and has special interest in lateral condyle fractures and fracture neck femur

### **Mr. Sandeep Hemmadi**

Sandeep Hemmadi is a Consultant Trauma and Orthopaedic Surgeon at Cardiff and Vale NHS Trust. He is a member of the British Society for Childrens Orthopaedic Surgery. He has been the Clinical Director of the Department of Trauma and Orthopaedics at the University Hospital Wales in Cardiff. He undertook his residency at KEM Hospital Mumbai. He completed his Fellowship in Paediatric Orthopaedics at The Hospital for Sick Children in Toronto Canada and then returned to Wales to complete his higher surgical training and take up a consultant post in Cardiff

### **National Trauma Experts**

D. D. Tanna  
D. K. Shah  
G. S. Kulkarni  
John Mukhopadhy  
S. R. Mukhi  
Vijay Kakatkar  
V. M. Agashe

and many other friends across  
the country ....

### **National Pedipods**

Alaric Aroojis  
Jayanth Sampat  
K. Venkatdass  
Mandar Agashe  
Maulin Shah  
Premal Naik  
Sandeep Patwardhan  
Sandeep Vaidya  
Taral Nagda  
Vijay Sriram  
and many more....

# Programme

## Day 1 Friday, August 1, 2014

Course introduction: Why IFICS, What do we hope to achieve over 2½ days, distribution of course material, Quiz papers etc...

### Session 1 BASICS AND PHYSEAL INJURIES

#### BASICS

- 10 differences between kids and adults
- Remodelling of children's fractures
- Timing of pediatric fracture treatment. What's urgent, what's emergent
- Basics of splinting / casting
- Normal variants and radiographic interpretation
- E-Discussion

#### Quiz 1: Is this reduction acceptable

#### Symposium: Physeal Injuries

Basics: Anatomy, Physiology, Classification • Principles of management • Complications

- Specific fractures
- Lower femur
- Upper tibia
- Lower radius
- Ankle
- E Discussion

**Fatafat 1 - A fracture in 5 mins** • Fingertip injuries • Hand fractures • Scaphoid fracture

**Special talks** • Adolescent fractures are different! • My worst Pediatric Trauma Case

**How to manage Fractures in special situations** • Fractures in cerebral palsy • Fractures in OI

- Fracture through a bone cyst
- Fracture in osteomyelitis

#### Quiz 2: Identify the physeal injury

#### Interactive Case Discussion 1: Acute Physeal Trauma

#### Techniques and workshops 1

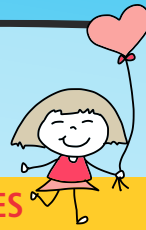

- Triplane fixation
- Arthrogram of elbow and ankle
- Physeal bar excision

#### Entertainment and Dinner

# Day 2 Saturday, August 2, 2014

## Session 2: FEMUR NECK AND SHAFT FRACTURES

**Interactive Case Discussion 2: Fracture neck femur Acute, Delayed and Complicated Techniques and workshops 2** • Open reduction of fracture neck femur • Abduction osteotomy for non union fracture neck femur

### Case Based Discussion: Fractures of the shaft of the femur and Tibia

**Fatafat 2: A fracture in 5 mins** • Traumatic Hip dislocations • SI joint disruption • Acetabular fractures • Foot fractures • Tibial spine fractures and Tibial tuberosity avulsion

**Delegate cases: 3 cases presentation**

## Session 3: Titanium Elastic Nail

**Basic principles of TENS • Technique Video - TEN femur video**  
• **Case Based Discussion: Complications of femoral fractures and Nails**

**Workshop and techniques 3** • TEN femur mid shaft • TEN distal femur • TEN proximal femur • TEN Tibia • 90 90 Spika for femur shaft fractures

## Session 4: FOREARM FRACTURES

**Interactive Case Discussion 3: Lower radius fractures**

**How do I manage: Forearm Fractures** • Reduction and Plaster techniques Greenstick  
• Plastic deformation • Complete fractures

### Case based Discussion: The Monteggia Lesion: Acute Delayed and Complicated

#### Fatafat 3 - A fracture in 5 mins

• Clavicle fractures • Fractures of proximal humerus • Fractures of humerus shaft

**Special talks** • Do not throw away the cast • Neurovascular complications of paediatric fracture

## Session 5: Upper Limb Trauma

**Case Based Discussion: Radial neck fractures**

**Interactive Case Discussion 4 - Complications of forearm fractures**

**QUIZ 3 - Day 2 topics**

### Techniques and workshops 4

• Radial neck fracture joysticking and TEN • Distal radial fracture manipulative reduction  
• TEN for forearm fractures • TEN humerus

**Entertainment and dinner**

# Day 3 Sunday, August 3, 2014

## Session 6: Enigmatic Elbow

Basics Identifying the elbow trauma Clinical evaluation radiological diagnosis  
TRASH lesions

### The supracondylar show

I/II/III, Fracture configuration, Irreducible, Pink pulseless hand, Delayed presentation,  
Open supracondylar, Nerve injury, Swollen, Compartment

### Special talk

How do I manage the lateral condyle fractures • Neuro Vascular complications of  
pediatric trauma

### Fatafat 4 - A fracture in 5 mins

- Medial epicondyle • Physeal separations • Medial condyle • Elbow dislocation
- Pulled Elbow

### Interactive Case Discussion 5 - Complications of Fractures around the elbow

### Workshop and technique 4

- Supracondylar pinning • Lateral condyle fractures

### Quiz 5

### Lunch

## Important numbers

**Dr. Sandeep Patwardhan**
