## WELCOME MESSAGE

After success of International Fractures in Children Symposium IFICS at Pune in 2014, Saraswati Foundation is happy to announce a one day update on Pediatric Fractures IFICS Express on 16<sup>th</sup> August, 2015 at College of Physicians and Surgeons, Parel, Mumbai from 9.00 am to 6.00 pm.

The theme of the course is Tips, Tricks, Traps and Techniques in Pediatric Trauma and will concentrate on day-to-day problems, dilemmas and practical aspects for both practising general orthopedic surgeons and post-graduate students.

The star faculty includes Dr. Shital Parekh from Cincinnati and Pediatric Orthopods and Trauma Surgeons from across India.

The fees for this no frills attached course is Rs. 2,000 for Orthopedic Surgeons and Rs. 1,000 for post-graduate students and fellows. It includes access to IFICS App and a CD of useful resources on Pediatric trauma.

Dr. Sandeep Patwardhan

Dr. Premal Naik

Dr. Taral Nagda

# PROGRAMME

16<sup>th</sup> August, 2015 - 08.00 to 18.00 hrs

08.00 - 0.845 hrs

Registration and Breakfast

08.45 to 09.00 hrs

Inauguration and Flagoff: **L. N. Vora and Dipti Patankar**

09.00 - 10.40 hrs

Session 1

Forearm Fractures: **Premal Naik, Atul Bhaskar, Binoti seth**

**Tips & Tricks**

10 tips on accessing reductions and plaster: **Binoti Sheth**  
Managing difficult distal radial injuries: **Sandeep Patwardhan**  
Managing plastic deformation in forearm: **Atu Bhaskar**  
Managing greenstick fractures: **Premal Naik**  
Discussion

**Traps**

Malunited forearm fractures: **Shital Parikh**  
Refracture in forearm fractures: **Atul Bhaskar**  
Delayed presentation of forearm fracture: **Binoti Sheth**  
Redislocation of radial head in Monteggia: **Premal Naik**  
Discussion

**Techniques**

How to apply world class plaster for forearm fractures: **Shital Parikh**  
How to fix Acute Monteggia fracture: **Premal Naik**  
How to fix Acute galleazi fracture dislocation: **Atul Bhaskar**  
How to fix Monteggia variants: **Chasanal Rathod**

10.40 - 11.00 hrs

Coffee and Conversations

11.00 - 13.00 hrs

Session 2

Elbow Fractures: **Sandeep Patwardhan, Rujuta Mehta, Rajeev Nirawane**

**Tips & Tricks**

Pinning in Supracondylar fractures - the tipping points: **Jayanth Sampat**  
Difficult Supracondylar closed reductions Tricks to get them done: **Rujuta Mehta**  
The Swollen Pediatric Elbow: is it TRASH?: **Sandeep Patwardhan**  
Are all lateral condyle fractures same?: **Shital Parikh**  
Discussion

**Traps**

Late presenting supracondylar: hero or zero: **Rujuta Mehta**  
Red flags in pink pulseless hand: **Shital Paikh**  
Suracondylar with palsy: **Mandar Agashe**  
Late presenting lateral condyle fractures fix or leave: **Taral Nagda**  
The trapped medial condyle: **Sandeep Patwardhan**

## Techniques

Pinning supracondylar fracture: **Taral Nagda**

Closed reduction of displaced lateral condyle fracture: **Sandeep Patwardhan**

Open reduction and fixation of lateral condyle fracture: **Shital Parikh**

Osteotomy for cubitus valgus: **Rajeev Nirawane**

Intra focal reduction techniques in radial neck fractures: **Rajeev Nirawane**

Open reduction of irreducible radial neck fracture: **Taral Nagda**

---

13.00 - 13.45 hrs

Lunch

---

13.45 - 14.45 hrs    **Session 3**

**Femur, Tibial and Humerus Fractures: Tushar Agarwal, Sandeep Vaidya, Swapnil Keny, Kamlesh Deomurari**

A post lunch platter of interesting and difficult cases on long bone fractures

Served on spread are interactive case discussions on

- Indications and techniques of conservative management
- Indications and techniques of operative management
- Managing delayed presentations and malunions
- Complications of operative management
- Tricks of managing proximal and distal long bone fractures

---

14.45 - 16.00 hrs    **Session 4**

**Physal injuries: Fatakas and Fatkas: Mandar Agashe, Ashish Ranade, Jaideep Dhamele, Malini Lawande**

An interactive session in which you learn....

How to manage acute physal injuries

How to classify and manage distal tibia fibula physal injuries

What are the pitfalls to avoid

How to manage delayed presentation of physal injuries

How to detect a growth arrest and investigate

How to manage a growth arrest once you have one

---

16.00 - 16.20 hrs

**Coffee and Conversations**

16.20 - 16.50 hrs

IFICS ESPRESSO

**Foot Injuries In Children: Shital Parikh**

A guest oration on frills and thrills on managing foot injuries in children

16.50 - 18.00 hrs

Session 5

**Fracture neck femur: Taral Nagda, Jayanth Sampat,  
Kirti Ramnani, Sachin Kulkarni**

The dessert of sweet and sour cases on the proximal femur fractures

Managing acute redusable fracture

Managing acute irreducible fracture

Managing delayed presentation

Managing pathological fractures

Managing nonunions

Managing revision surgeries

Managing neck loss

Managing AVN

Managing unsalvageable situations
